Dear Children,

We are sure that all of you must be enjoying your holidays. You must have started making plans to visit your relatives and friends, watching television during your holiday, taking a dip in the swimming pool and join some activity classes with your friends & parents. We wish that you enjoy every minute & this long break with your family and friends. It will be great if you are able to find time to visit museums and monuments, learn new things, explore new areas near your house, play indoor and outdoor games, read as many story books, you can help your parents and grandparents in the daily work, go for morning walk and play in the park in the evening during your long summer break.

We are giving you a variety of fun filled activities and worksheets which you can do during the Summer Vacation. Do them neatly and submit to your class teachers after the vacation.
